Paterson Public Schools
2017 Elementary Summer Reading Assignment

(Students entering Sixth, Seventh, or Eighth Grade)

Dear Parents/Students,

All K-12 students attending the Paterson Public Schools during the 2016-2017 school year will have the opportunity to select books that they are interested in and motivated to read during the summer. Our aim is to keep students connected to reading habits and comprehension skills that were introduced during the school year, with the ultimate goal of building a love for reading within your child.

For our incoming sixth, seventh, and eighth grade students, your child should be reading at a “just right” reading level. This level is where your son/daughter can read comfortably with fluency and understanding. In order to maintain the reading growth your child has achieved this school year, we are suggesting that your child read books independently throughout the entire summer. A list of book suggestions for each grade level is attached and can also be found by visiting the parents/students tab on the district website.

While reading we are asking that your child keep a reading log of the books he/she read. Further, we ask that your child choose **at least two** books at their reading level and complete the attached project based on one of the chosen books. Both the reading log and project should be sent to school with your son/daughter on their first day of school in September.

This summer we have partnered with the Paterson Public Library to ensure that all students have books available at their reading level. We encourage you to visit one of the branches of the Paterson Public Library for assistance in selecting books that will interest your child.

For more detailed information, please review the packet to best prepare your child for success in their reading journey or visit our district website www.paterson.k12.nj.us.

Wishing you a wonderful summer filled with reading!

Sixth, Seventh, and Eighth Grade Summer Reading Project

This year's summer reading assignment is to read **at least two books** and to record notes for one of those books. This year the two-column chart notes must be completed on a book of fiction because they will be used in a narrative writing unit first period.

Directions for a Two-Column Chart(Double Entry Journal)

Use one of the summer reading fiction texts to complete the attached two-column chart. As you read, think about the central theme of the text. For the left-hand column, list no fewer than 6 and no more than 8 quoted passages that you found significant to the book's central idea or author's message. These passages may include descriptions of specific character, persons, events, images or places; citations may be dialogue or regular prose. Citations must include page number references. Please include at least one citation from the beginning, middle, and end of the text.

In the right-hand column, record reactions to those citations. In this column, in your own words, explain the importance of each citation as it relates to a theme or main idea of the book. Try to show a thoughtful response by explaining your thoughts about the importance of the citation, your connections to the citation, or your questions about the quote (what does the quote make you wonder about?). Make sure you do not offer a summary of the citation or paraphrase the citation.

To complete this assignment, you may wish to use Post-its or record notes on a separate piece of paper while reading. Ultimately, you will complete and submit your two-column chart to your language arts teacher in September. The two-column chart will be graded and will serve as a piece of prewriting for an assignment in the first marking period.

Example of a quote and reaction from *The Wonderful Wizard of Oz* by Frank Baum.

Citation	Significance
<p>"But I do not want people to call me a fool, and if my head stays stuffed with straw instead of with brains, as is yours, how am I ever to know anything?" (Baum, 26)</p> <p>Please note that the citation is in quotes. It should appear exactly as it appears in the text. Furthermore, the citation is followed by a parenthetical citation that includes the author's last name and page number.</p>	<p>When Dorothy, the main character, meets Scarecrow, she helps him down from his perch. In the text, Scarecrow explains that he doesn't mind having a body stuffed with straw because he cannot get hurt. However, he fears living with a head of straw because he feels he will never know anything. Scarecrow joins Dorothy's on her journey to the Emerald City because Scarecrow desires the ability of having knowledge. It seems like all of the characters are on a search for something that they feel they need to be better. When I think about the Scarecrow's mission, it makes me wonder if sometimes I take my ability to think and learn for granted. This passages relates to the central idea that all of these characters are on a search for something better.</p>
